

Type Rating B737NG Renewal

Last update 01/09/2022.

Training information:

When a pilot has exceeded the licence term, it is no longer an extension but a renewal.

The EASA regulation has changed and the AMC1 FCL.740(b) specifies that the content of the training required before passing the skill test (TRF) is the responsibility of the ATO which defines the content according to the experience of the candidate, the time spent since the last deadline, the aeroplane type and if the candidate already has experience on an equivalent aeroplane type.
